33 m3	15.8 m3	282 cm	282 cm	343 cm		12,450 kg

Max capacity in the line

- **Built for Extremes** — Tailored for farmers who demand equipment that performs through long hours and intense use.
- **Patented Cyclone Auger Design** — Enhances forage circulation and mix consistency using gravity-assisted drop-through blades.
- **Heavy-Duty Steel Construction** — Rugged frame and augers designed for durability and optimal performance under pressure.
- **Proven Gearbox Durability** — Heavy-duty planetary gearbox built to Penta's specifications.
- **Optional Conveyor Flexibility** — Flip-up or dual discharge conveyors with cast C188 chain options for efficient unloading.

Patented Cyclone Auger

Faster, more even forage circulation

Heavy-Duty Construction

Cold-pressed flighting, thick steel tubs.

Planetary Gearboxes
Power where it counts, backed by 3–5 year warranties

Designed For Farmers by Farmers
We know what a good mix looks like

Onboard Weighing Available
Optional Digi-Star Weigh Log records load weights on the go for precision tracking and efficiency
