### Product Description

Versatile. Accessible. Maneuverable. Reliable. The M-Series is about to become the new industry standard for compact manure spreaders. If you're a growing farm that's ready to take the next step in spreading, a lower-acreage farm that's short on storage space, or a large operation that wants versatility, the M-Series may be right for you. Featuring a compact design and low load height, the JBS Mini spreader offers maximum portability, making it perfect for small to medium-sized farm operations. Engineered to be ultra-efficient, it runs with less horsepower than our E-Series and has a uni-body design that allows it to be shipped in many different ways.

- Hydraulic guillotine gate.
- Low horsepower tractor operation 90-130HP.
- UHMW low friction hard-wearing plastic floor.
- 3/8" Grade 100 floor chain.

### Product Description

[embed]https://www.youtube.com/watch?v=0q1PcJGox\_Q[/embed] The **Tandem, Tridem** and **Quad Axle** Low-Rider Manure Spreaders will deliver a smooth ride on even the toughest terrain. Their low center of gravity and large tires combined with the optional JBS electronic steering system to provide in-field stability that your large-scale or custom farming operation can count on. The JBS Low-Rider Spreaders are the perfect spreader for customers who know exactly what it is they need to get the job done. The newly

engineered Quad Axle Low-Rider was created for large commercial farms and custom operators. Its low center gravity and large tires provide you with the stability and versatility you need while boasting a massive Quad Axle 64tonne Spring suspension! At 36’ long the Quad Axle Low-Rider will allow you to spread more acres per load and get the day done faster and more efficiently.

Tandem Features

- Heaped capacity of 26 m³.
- Tough & reliable 750-60R-30.5 tires.
- 34-ton Spring Suspension.

Tridem Features

- Heaped capacity of 37 m³.
- Tough & reliable 750-60R-30.5 tires.
- 50-ton hydraulic suspension with weight transfer axle.

Quad Axle Features

- Massive heaped capacity of 46 m³.
- Tough & reliable 750-60R-30.5 tires.
- Largest, most versatile pull-type [Wide Body](#) spreader.
- 64-ton Spring Suspension.

Optional Upgrades

- Hardox® Beaters- A wear-resistant steel that extends the life of your JBS machine’s beaters.
- Scale & Rate Controller System – For improved spreading accuracy.
- Flight Protection System – Add extra protection for beater knives.
- Electronic Forced Steering System – Unbeatable maneuverability and flotation with the most advanced steering system on the market.

Product Description

Whether you run a large agricultural operation or a family farm, you'll get maximum work done quickly with this #1 best-selling spreader. Featuring the same innovative technology and quality construction as the [JBS commercial models](#), the JBS E-Series Spreader comes with an upgraded long-link floor chain, quick-attach Vertimax beaters, and steel idler sprockets. A heavy-duty yet affordable machine. The E-Series comes in a variety of sizes and can be loaded with even your smallest equipment.

- Hydraulic guillotine gate.
- Quick-attach vertical beaters.
- Low maintenance hydraulic gearbox.
- UHMW low friction hard-wearing plastic floor.
- Long-link 5/8" grade 100-floor chain.

Optional Upgrades

- [Hurricane Beaters](#) – Consistent and accurate spreading for low applications of lightweight and fine materials.
- Scale & Rate Controller System – For improved spreading accuracy.
- Flight Protection System – Add extra protection for beater knives.
