Product Description

The Truline Ultimate R6 Round Bale feeder holds and feeds out 6 round bales of hay or silage, up to 6ft. It can feed from both sides, as well as chopped or pit silage. Save loads of time feeding with the ability to rear load. It has large floatation tyres on a tandem axle and a super heavy chassis. Australian made.

- Zinc primed and powdercoated
- Adjustable tow hitch
- Optional self load
- Independent rocker suspension
- Heavy gauge steel construction
- Easy accessible grease points
- Deep chamber for low centre of gravity
- Robust duplex coupling drive
- Fits up to 6x5 hay and silage bales
- Multiple waste bin options
- Floatation or standard wheel options
- Hydraulic override tap for loading
- Slat floor
- Easy to adjust floor slats
